ESTABLISHMENT AND MAINTENANCE OF STATE AND FEDERAL STANDARDS

STATE OF DELAWARE

ATTACHMENT 4.19E

SP 150

Definition of a "claim"

A request for payment from an eligible provider to the Delaware Medical Assistance Program for a covered specific unit of medical service, prescription, or supply provided to a single eligible recipient under Title XIX, either on a given date or for a specified period of service, as appropriate. All claims forms are recorded as one claim except as follows:

- a) Each prescription is one claim.
- b) For Medicare crossovers, each deductible/
co-insurance line is one claim.
- c) On invoices from practitioners, independent laboratories,
special services (dental and/or transportation if used
at some later date) the number of different procedure codes
used on the invoice determines the number of claims.
